

Winter, 2009

Greetings from Brett & Leanne,

It's hard to believe that Leanne and I have been with BBI for over a year and a half already. The Lord has been good and continues to supply our needs. We are looking forward to what He has in store for us in the New Year.

God continues to show me how my past work experience was all training for my work here at BBI. For example, in the past few years at my secular job, we had outgrown our simple four line phones and were in need of a commercial phone system. We had one installed and it worked wonderfully. Our dispatcher there is a retired phone man and has helped me learn how to hook up the wiring and program the system. Since our last letter, our phone system at BBI developed a mind of its own. It began dialing 911 all on its own and we couldn't figure out why. Because of what I had learned at my other job I was able to look online for a new phone system, like the one I had learned to use, and my father and I were able to install it. By buying the system online and installing it ourselves, we saved the mission approximately \$11,000. It is amazing how God can stretch the funds we receive.

On a personal note Leanne's and my adoption of Daniel is proceeding slowly, but it is proceeding. Any of you who have been through an adoption you know how long it can take. Please pray for us that we may be patient with the process and that the Lord will help to push everything along. We are anxious to be able to introduce Daniel **Pruden** to all of you.

Days at BBI continue to be busy. Between doing deposits, working on computers, and various other projects there doesn't seem to be enough time. My support level has increased slightly but with the current economy finding more has been difficult to say the least. I know the Lord will provide in His time but the need for me to be at BBI full time is growing. I have done some radio program production, mostly when Studio Manager Ken Anderson is doing work overseas. Producing the "Verse by Verse" radio program keeps Ken very busy, and if he has to take time off, as he will soon for a trip to South America, production can fall behind very quickly. As I am only here two days a week I can help, but there just isn't enough time to keep production at the pace that Ken maintains.

Please pray that the Lord would lead Leanne and me in raising our support. I have been in contact with some churches and am hopeful that they will be able to help. However, we need the support of individuals as well. Please ask Him what He would have you do to further His kingdom through our ministry at BBI. The need is there and Leanne and I know God will use his people to provide.

In His service,

Brett & Leanne Pruden

Tax-deductible gifts for our ministry

should be made out to Bible Basics International and noted for Brett and Leanne Pruden ministry.
